INTRODUCTION

Hi, I'm Joshua, and I'm passionate about developing software that helps empower innovation in companies and improve the value proposition of products. As an organised and highly creative individual, I love to find solutions to new problems and new solutions to existing problems. I enjoy working in a dynamic and fast paced working environment.

EXPERIENCE

WEB/MOBILE DEVELOPER | BIDCHAT

March 2017 - present

Worked closely with my fellow team mates to develop an animation plugin for an existing app in swift for iOS, developed a podcast app that plays audio using UIKit. Subsequently worked in react native to develop and upload apps to the app store and play store. Worked in react and NextJS to develop website that render both on client as well as server.

IOS DEVELOPER | GENORA

AUGUST 2016 - March 2017

Worked on a quiz app where users had to predict the answer as being above or below a certain value, developed using UIKit. Developed on an app for a client to internally handle freight transportation. Worked on a wellness app for people with anxieties.
